## T. R. AND HUGHES TO SPEAK TOGETHER

## Ex-Pro 'nt' Will Urge for **Hughes at Notification Meet**ing Monday Evening.

OTSTER BAY, N. Y., July B.—Theodore Roosevelt will make his first speech for Charles E. Hughes at the notification meeting, at Carnegie Hall, on Monday evening, it was announced Friday evening at Oyster Bay.

Mr. Roosevelt's appearance upon the platform with Mr Hughes in the opening of the campaign is upon invitation of the Republican national committee. Each is expected to assail the policies of the Wilson Administration and to start the battle with an attack which will at once place the President upon the defensive.

The New York Giants are leading the league of 1,000, the Chicago White Sox are second, with one game won and one lost, while Washington is bringing up the rear with three big round zeros.

This is the rating of the clube in the Camp Good Will League, just as keen of the most exciting games yet one of the most exciting games yet played took place yesterday. Washington of the was heard to say, "an' I think they of right away."

taining that he is out of politics and will not participate in the campaign further than to make four or five appeaches in different parts of the country, there is reason to believe that, when the fight begins to warm up, he probably will make a country-wide tour. Friends who have talked with the eratwhile President recently helieve he is getting reatless and that his hostility to the Administration will bring him to the firing line with all his old-time energy.

A report was current that the Chicago headquarters for the campaign of Mr. Hughes will be run practically independent of the New York headquarters and William R. Willcox, the Republican national chairman.

Although there has been no definite decision, that is understood to be the course advised by the leaders from the Middle West, who have been in conference with Mr. Hughes and Mr. I adopted, it will mean that the real headquarters of the Hughes campaign will be in the firing hime, except when I am getting through a meal. I wasn't hungry all the time, except when I am getting through will be in the hiddle West.

The appointment of Haroid I. ickes, the illinois Frogressive leader, as a member of the campaign committee, caused some dissatisfaction among Republicans of that state.

Mr. Ickes undoubtedly will be named as a member of the committee in charge of the Republican headquarters, but it is believed that the real work of the Middle Western campaign will be under the direction of such men as James b. Hemenway and Joseph B. Keating, or Indiana, and Representative William B. McKinley of Illinois. Such a course is understood to have been advised by several Eastern leaders, among whom was Benator W. Murray Crane of Massachusetts.

## BODY OF POSTMASTER IS FOUND IN CREEK

## Federalsburg, Md., Official Has Bullet Hole in Head.

FEDERALSBURG, Md., July 28.-The body of W. Jasper Harper, postmaster at Hurlock, was found in Cabin Creek, three miles from Hurlock, with a builet hole in his temple. Mr. Harper had been missing since

o'clock Thursday afternoon, when he left Hurlock to go to a farm he recently sold. He drove to the home of Herman Hurlock, near Cabin Creek, leaving there about 9 o'clock that night. When he did not return home his family became alarmed.

alarmed.

The news of his disappearance spread over the town and community, and searching parties were organized.

The postmaster's automobile was found near the creek, and immediately the stream was dragged.

It was at first thought that he had been held up and murdered and near the creek, but when the facts became known that he carried a revolver when he left home, and the bulet hole in his temple answered to the caliber of his revolver, it was declared a case of suicide.

Two inspectors from the Postoffice Department have just completed going over his accounts.

## Burleson Suspends Order For P. O. to Assist Reserve

Postmaster General Burleson yesterday issued an order suspending until further notice his recent authorization to postmasters to collect notes, checks,

to postmasters to collect notes, checks, and drafts for the Federal reserve bank in places where that organization did not have a member.

The governor of the Federal Reserve Board asked for the suspension, stating that a further consideration of the plan was necessary, so that the arrangements might be perfected, including surety bonds for postmasters who might be designated under the ruling to collect checks and notes.

Postmaster General Burleson denied that the action was made because of Majority Leader Claude Kitchin's attack on this feature of the department but said it was solely at the request of the Federal Reserve Board, and in line with his order of July 21.

One of the workers at Camp Good Will who always welcomes the little children every time a new crowd comes out is John Henry Brown, the chef of the camp. And there never was a President of the United States prouder of his title than is John Henry of his.

If any one tries to meddle in the affairs of the kitchen, there is sure to be war, because this chef makes it known to all that there is one place in the camp ruled absolutely and only by him. And right well does he rule it, too. The dishes and the kitchen tutenells are always shining and spotlets, and wee be to little Augustus Field, the scullion, should a pan or platter be found out of place.

EAGLE PASS. Tex., July M.—The New York and Cincinnati baseball fans have nothing on the members of the First Maryland Infantry when it comes to honoring Christy Mathewson!

The regiment received an allotment of sixty-six big Missouri mules from the army quartermaster here yeaterday. The biggest, best-natured and strongest mule of the lot was unanimously named. "Bix Six." in honor of the new manager of the Cincinnati Reds. The boys hore the mule will show the endurance and desire for work that his great namesake has exhibited in the big league.

There is another mule in the lot that has been given the name of "Maud." Just how hard this mule can kick nobody knows. as not even the Chevy Chase company of the First can tell whether the Bureau of Standards has ever standardized the kick of a mule.
